Race Mentors Needed: Category 1, 2, or 3 riders and Category 4s who have completed a Beginning Racer Program series who are interested in being considered as Race Mentors need to contact the SCNCA Development Coordinator. Sean Wilson seanwilson@scnca.com

SCNCA Mentored Race Program teaches and monitors safe racing skills for category 5 men and category 4 women. Building on the fundamental racing skills learned and practiced in the Beginner Racing Program, this program gives novice racers the unique opportunity to continue learning and practicing these skills in sanctioned events. Qualified mentors ride alongside racers and advise when necessary to encourage safe racing. A debriefing session follows each mentored race, giving racers a chance to ask questions and discuss what worked and didn't work during that particular race. Racers who check in and attend the de-briefing session are eligible for an upgrade point towards their upgrade. Email Seam Wilson at seanwilson@scnca.com

Big Wheel Coaching will be on site to help with structured skills practice sessions. (For a Minimal fee) Go to bigwheelcoaching.com
